By using the documents in this file you have indicated your complete agreement and willingness to abide by the terms of this
ROS and SES Binding License Agreement

- 1. Licensee:** By downloading this file and using the instruments below, you are hereby licensed by Jason A. Seidel, Psy.D. (hereafter Developer) to use the Rating of Outcome Scale (ROS) and Session Experience Scale (SES), collectively "ROSES" (the Rating of Outcome and Session Experience Scales) **for your individual use only**. Any use of these measures by an agency, group practice, clinic, managed behavioral care organization, software developer, or government requires separate application for a group license and may entail payment of fees. Interested parties may contact the Developer directly for more information on group, SaaS/vendor, and institutional licenses.
- 2. ROS and SES:** The measures mean any and all paper and pencil or electronic versions of the outcome and therapeutic-process/alliance measures, progress and process tracking systems, outcome and process screening, and outcome and process prognosis measurement.
- 3. License:** Subject to the terms and conditions of this agreement, Developer grants to the licensee a license to use the measures in connection with the licensee's bona fide health care practice. Any and all electronic versions or scoring products associated with the measures may NOT be copied, transmitted, or distributed by the licensee. Paper and pencil versions of the measures may be copied for use in connection with the licensee's bona fide health care practice.
- 4. Modifications:** **The licensee may NOT modify**, translate into other languages, change the context, wording, or organization of the measures or create any derivative work based on them without written permission from the Developer. The licensee may put the measures into other written, non-electronic, non-computerized, non-automated formats provided that the content, wording, or organization are not modified or changed.
- 5. Copies, Notices, and Credits:** Any and all copies of the measures made by the licensee must include the copyright notice, trademarks, and other notices and credits on measures. Such notices may not be deleted, omitted, obscured or changed by the licensee. Since you are obtaining the license for individual use only, you may NOT distribute copies of the measures.
- 6. Use, Distribution, and Changes:** The measures may only be used and distributed by the licensee in connection with licensee's bona fide health care practice and may not be used or distributed for any other purpose.
- 7. Responsibility:** Before using or relying on the measures, it is the responsibility of the licensee to read and understand the principles, guidelines, and research associated with Feedback-Informed Treatment or Outcome-Informed Treatment. Examples of such guidelines are the Feedback-Informed Treatment Manuals developed by the International Center for Clinical Excellence, available at centerforclinicalexcellence.com/store/. It is also the responsibility of the licensee to ascertain their suitability for any and all uses made by the licensee. The measures are not diagnostic tools and should not be used as such. **The measures are not substitutes for an independent professional evaluation.** Any and all reliance on the measures by the licensee is at the licensee's sole risk and is the licensee's sole responsibility. Licensee indemnifies Developer and associated officers, directors, employees, representatives, and authors of the measures against, and hold them harmless from, any and all claims and law suits arising from or relating to any use of or reliance on the measures and related products provided by Developer. This obligation to indemnify and hold harmless includes a promise to pay any and all judgments, damages, attorney's fees, costs and expenses arising from any such claim or lawsuit.
- 8. Disclaimer:** Licensee accepts the measures and associated products "as is" without any warranty of any kind. Developer disclaims any and all implied warranties, including implied warranties of merchantability, fitness for a particular purpose, and non-infringement. Developer does not warrant that the measures are without error or defect. Developer shall not be liable for any consequential, indirect, special, incidental or punitive damages. The aggregate liability of Developer for any and all causes of action (including those based on contract, warranty, tort, negligence, strict liability, fraud, malpractice, or otherwise) shall not exceed the fee paid by the licensee to Developer. This license agreement, and sections 7 and 8 in particular, define a mutually agreed upon allocation of risk. The fee reflects such allocation of risk.
- 9. Construction:** The language used in this agreement is the language chosen by the parties to express their mutual intent, and no rule of strict construction shall be applied against any party.
- 10. Entire Agreement:** This agreement is the entire agreement of the parties relating to the measures.
- 11. Governing Law:** This agreement is made and entered into in the State of Colorado and shall be governed by the laws of the State of Colorado. In the event of any litigation or arbitration between the parties, such litigation or arbitration shall be conducted in Colorado and the parties hereby agree and submit to such jurisdiction and venue.
- 12. Modification:** This agreement may not be modified or amended.
- 13. Transferability:** This agreement may not be transferred, bartered, loaned, assigned, leased, or sold by the licensee.
- 14. Violations:** Violations of any provision or stipulation of this agreement will result in immediate revocation of this license. Punitive damages may be assessed.
